

YOUR HOUSING COMPANY'S INTERNET PROVIDER IS CHANGING— ORDER AFFORDABLE BROADBAND ACCESS FROM TELIA

Hi,

We have great news for you! Mikkelin opiskelija-asunnot Oy (MOAS) has made an agreement with us on Internet access. This means that your apartment internet fee will include **Telia Yhteys kotiin S (Telia Home Connection S)** access at 10 Mbps as of **DD/MM/YYYY**.

Please note that on the date of the change, all services you get from the antenna socket at your home, such as a broadband connection via a cable modem, will stop working.

How do I activate the new housing company Internet connection?

- To start using the new Internet service, you must order it from Telia.
- Your new housing company Internet connection uses your home's TV socket, and you will need a cable modem to use the services. If you do not have a cable modem at your home, you can pick one up at the MOAS office.
- If you do have a cable modem at your home, make note of the 12-digit CM-MAC ID on the bottom of the modem.
- Call our customer care on 0200 11611 (mcc/lnc) to activate your subscription. You can reach us on business days from 8 a.m. to 6 p.m. We will also be happy to tell you about supplementary services.
- Alternatively, you can send us a call request at telia.fi/ennakkotilaus (in Finnish), and our customer care agent will call you back.

**RESIDENT
BENEFIT**

Yhteys kotiin L connection free of charge for customers at multi-dwelling sites for 1 month, after which the agreement will continue at the pricelist rate, €19.90/month, until further notice or at the housing company agreement's rate. The speed and the range of variation depend, for example, on the features of the device and the network technology. Incoming traffic speeds 70–100 Mbps. The special price does not apply to a connection ordered again for the same customer or the same household.

Place your order at telia.fi/ennakkotilaus (in Finnish) or call us on 0200 11611 (mcc/Inc, Monday to Friday 8 a.m. to 6 p.m.).
